

British and Continental Ceramics / Thu, 26th October 2023 / Lot 1584

LOT 1584

A large Des Pots studio pottery vase in the form of a sea urchin, contemporary, black printed mark to base, height 32cm.

Estimate: £30 - £50

Condition Report

In good condition overall with no cracks, chips or restoration.

A few of the relief spikes have little nicks to their tips - these are only noticeable on very close inspection and do not detract from the vase overall.

Note - it's incredibly spiky and quite difficult/painful to pick up!
