

Glassware / Thu, 26th October 2023 / Lot 1920

LOT 1920

A Venini Morandiane series bottle and stopper, circa 1949, designed by Gio Ponti, the Incalmo glass with green top section and red opaque base, with clear and red stopper, acid etched indistinct three-line mark to base and original applied paper label, numbered '4491', height 35cm (glued repair to stopper). Note: a similar example sold in Bonhams London Design Auction, 28th April 2022, Lot 126.

Estimate: £300 - £500

Condition Report

The main bottle is in good condition with no damage or repairs.

The stopper is broken in half through the narrow stem of the red section and visibly glued.

The top of the red end of the stopper has potentially been polished down a little as it is a tiny bit uneven in shape.
