

Jewellery / Wed, 1st November 2023 / Lot 672

LOT 672

An 18ct white gold and diamond ring, claw set with a circular cut diamond, with baguette cut diamond single stone shoulders, Sheffield 2005, weight 3.5g, principal diamond weight approx 0.47ct, ring size approx N1/2 (principal diamond fracture filled).

Estimate: £180 - £220

Condition Report

The centre stone has a surface crack running the full diameter of the stone with a central surface reaching inclusion directly below the table. There is evidence of fracture filling - colour flashes.

Typical scratching to shank/setting.

Rhodium plating is beginning to wear off particularly to the back of the shank.
