Condition Report

1296. PLEASE NOTE, this report does not cover all the items in the Lot. If you require the condition of any other item, please request this.

Leica camera is in generally good condition, but a little dusty so would benefit from a clean. Otherwise typical light surface scratches and wear to metalwork, but no significant damage. Black applied body in good order. Winds smoothly and fires. Good clear views through viewfinder. Not original leather case.
