

Clocks and Barometers / Thu, 7th December 2023 / Lot 1277

## LOT 1277

A late 19th century walnut and ebonized Vienna style wall timepiece with weight driven single train movement, the two piece enamel dial with black Roman numerals and subsidiary seconds, the arched case with three turned finials above a glazed door and turned columns, height 122.5cm, with pendulum, weight and winder.

Estimate: £60 - £100

---

## Condition Report

1277. The case is in generally good condition with no significant damage. A little dusty and typical minor scuffs and wear commensurate with age. Dial in good condition. Movement winds smoothly and it starts running for a short period before stopping, would suggest a service/clean would hopefully return to full working order, but please be aware we give no guarantees to working order or reliability of any clock or watch.
