

Firearms and Edged Weapons / Wed, 10th January 2024 / Lot 3234

LOT 3234

A .44 six-shot percussion revolver by Starr Arms Co with sighted barrel, barrel length 15cm, the frame stamped 'Starr Arms Co, New York' and 'Starr's Patent Jan 15 1856', the cylinder numbered '14488', the walnut grip with traces of the inspector's initials.

Estimate: £500 - £700

Condition Report

3234. Trigger does not function properly, seems to quarter cock and then with tweaking it will fully cock. Small patch of active rust to cylinder, overall been cleaned and polished at some stage. Probably 30-50 years old as belonged to current vendor's father. Parts numbered 14488.
