LOT 2004

A 20th century Coalbrookdale style white painted cast alloy garden bench with pierced foliate back, height 100cm, width 150cm, depth 61cm.

Estimate: £80 - £120

Condition Report

2004. The cast metal frame appears to be in good order with a lightly weathered surface. The slats have shrunk resulting in them only just reaching the end supports and holding screws. If the bench will be regularly used then it will probably need new slats.
