LOT 576

A late Victorian 18ct gold and diamond cluster ring, mounted with variously cut diamonds, Birmingham 1894, weight 3.8g, ring size approx Q.

Estimate: £180 - £220

Condition Report

576 - The ring is in generally good condition with typical light surface scratches and wear. Small casting crack to shank. Good clear hallmarks. A bit dirty so would benefit from a clean. Gold in good order with good uniform colour and no discolouration of any significance. Diamonds are attractive and sparkly. Under x 10 magnification stones display typical inclusions. Stones range from approximately 2.5mm to 2mm. All appear secure in the mount.
