LOT 1139

A Chinese archaistic brown patinated bronze vase, Yuan/Ming dynasty, the pear form body cast with trellis and wave bands, flanked by a pair of dragon mask and tongue handles, height 22.5cm, weight 1611g, together with another Chinese archaistic bronze vase with baluster body and cast lappet border to shoulder, height 25.4cm, weight 2058g (repaired).

Estimate: £500 - £800

Condition Report

1139. Taller bronze vase - lead repair visible to underside of the base where it meets the body, which is not obviously visible to exterior. Rim is dented. Other typical surface scratches and wear commensurate with age. Good even patina.

Shorter vase - generally good condition, no significant damage or repairs. Typical light surface scratches and wear commensurate with age. Still good definition to casting on handles and bands. Good even patina.
