

Furniture / Thu, 22nd February 2024 / Lot 2006

## LOT 2006

A Victorian mahogany adjustable footstool, upholstered in buttoned tan leather, the double ratchet mechanism above turned legs and castors, bearing label detailed 'J. Ward Manufacturer & Patentee', height 37cm, length 58cm.

Estimate: £60 - £90

---

## Condition Report

2006. One of the support bars underneath the seat has a repaired break which appears to be ok, but quite noticeable. There is also slight movement to the legs on one end which appear to have already had a repair to the joints. Otherwise appearance and condition is reasonably ok.
