

Furniture / Thu, 22nd February 2024 / Lot 2016

LOT 2016

A 19th century and later pine circular breakfast table, raised on scroll legs, height 78cm, diameter 155cm.

Estimate: £120 - £180

Condition Report

2016. The base appears to be late 19th century manufacture but the top is made later, albeit out of substantial reclaimed pine.

Some old historic woodworm to the reclaimed pine top, as well as some minor marks and surface cracks, but otherwise in good order.

The top is attached with some modern screws which are easily removed.
