LOT 568

A gold, green tourmaline and diamond ring, claw set with the oval cut green tourmaline between diamond two stone shoulders, detailed '18ct', weight 5.6g, ring size approx N.

Estimate: £180 - £220

Condition Report

Tourmaline - heavily abraded facet edges, particularly to the table. A few nibbles and chips to the girdle. The stone has a few inclusions.

Mixture of cuts to the diamonds, one is a round brilliant cut, the others are older cuts.

Claws in good condition.

Some noticeable wear to sides of shank, particularly to the back.

Due to the shoulder construction we cannot suggest resizing is a guaranteed possibility.
