LOT 728

A gold, emerald and diamond cluster ring, claw set with the oval cut emerald within a surround of circular cut diamonds between emerald and diamond set shoulders, detailed '750', weight 3.4g, ring size approx M.

Estimate: £180 - £220

Condition Report

Principal emerald has surface reaching inclusions noticeable without magnification.

Two emeralds at the sides are of fairly light colour saturation, not particularly well matched.

Minimal scratching to the shank, in fairly good condition overall.
