### LOT 27

George Finch Mason – 'Mr Whipper to Mr Snapper', late 19th/early 20th century watercolour with gouache, signed and inscribed, 24cm x 34cm, together with four further similar hunting watercolours by the same hand, all within matching gilt frames.

### Condition Report

27 - All display some age toning, including browning, as well as varying degrees of foxing and spotting. This is more prevalent to the unpainted areas. All are probably a little faded but generally colours are okay. The mounts are discolouring. The frames show some wear and rubbing to the gilt. These works have not been examined out of the frames.
