

British and Continental Ceramics / Thu, 29th February 2024 / Lot 1552

LOT 1552

A Royal Doulton Clarendon pattern part service, comprising two tureens and covers, three oval platters, sauceboat and stand, eight dinner plates, seventeen dessert plates, eight tea plates, six soup bowls and stands, eight coffee cans and saucers, sugar bowl and cover and coffee pot and cover (some wear).

Estimate: £30 - £50

Condition Report

The service has no significant damage or repairs - it has obviously been well used though as not only is it very dirty, but there are significant knife cuts and surface scratches to the plates and dishes.

The oval platters have been well washed as the gilding is very worn. The gilding otherwise is not terrible but has varying degrees of wear. There is some sporadic minor crazing and staining, e.g., to the coffee cups. I would suggest it is a service to take bits from, not use as complete.
