LOT 751

A gold, emerald, green gem and half-pearl ring, mounted with two half-pearls and four variously cut green gemstones, unmarked, weight 1.5g, ring size approx L.

Estimate: £100 - £150

Condition Report

One green gemstone is heavily abraded, two of the others with some abrasion to facet edges.
Some variation of colour to the green gemstones, likely some have been replaced and may be pastes.
The pearls are different colours, one silvery grey, the other a more pinkish gold, they appear to be in good condition.

Some wear to claws and losses to mountings around stones.

Evidence of resizing at the back of the shank.
