LOT 603

A gold, sapphire and emerald ring, mounted with three circular cut sapphires alternating with two circular cut emeralds, indistinct mark, weight 2.3g, ring size approx P, a 9ct gold and pink gem set ring and a 9ct gold and diamond ring in a pierced design, total weight 7.5g.

Estimate: £120 - £180

Condition Report

Sapphire/emerald ring - indistinct mark may read '18ct' but we cannot be 100%. Sapphires are of dark colour saturation, one emerald has a surface reaching inclusion, some wear to shank/setting.
Other two rings - in fairly good condition, typical light wear/scratching to shank/setting. All stones appear to be present and secure in settings.
