LOT 544

A gold, ruby and diamond cluster ring, claw set with principal circular cut diamond within a surround of four circular cut rubies and an outer border of circular cut diamonds, detailed '18ct', weight 5.8g, ring size approx P1/2.

Estimate: £400 - £600

Condition Report

The ring is generally in good condition, with typical light scratching to shank/setting.

The rubies we believe are natural but there is the possibility they may have been treated to enhance colour/clarity.

The diamonds we believe are natural but have not be laboratory tested.

Diamond grading (estimation, limited by setting and for guidance only)
