

Clocks and Barometers / Thursday, 23rd May 2024 / Lot 1299

### LOT 1299

A late 19th century French brass and slate industrial novelty clock and aneroid barometer desk compendium, modelled in the form of a centrifugal governor, each with white enamelled dial, on a rectangular slate plinth base, height 29cm.

Estimate: £100 - £200

---

### Condition Report

1299 - The clock section winds but does not run.

The barometer seems to be working having used the plastic bag trick. Both dials ok with some minor marks. Case is dirty and with some wear, but otherwise in sound condition. Slate base is good.
