LOT 1895

A cameo glass vase in the manner of Loetz, after a design by Hans Bolek, the cylindrical frosted body with gentle baluster, decorated in salmon pink with heart shaped leaves on sinuous stems in a wide band above vertical panels detailed with a diamond, unmarked, height 12.3cm.

Provenance: from the collection of John and Poppy Stallebrass.

Estimate: £70 - £100

Condition Report

When you look down on the top rim edge it is quite scratched, possibly in a deliberate way to simulate age, a couple of tiny nicks are visible here on close inspection and when they catch the light.

Otherwise the vase is in good condition overall with no damage or repairs.

There is an air bubble in the glass, a manufacturing issue, visible to the base interior.
