

British and Continental Ceramics / Thursday, 30th May 2024 / Lot 1662

LOT 1662

Twelve Wade DC Comics figures and models, produced for 'Out Of The Blue Ceramics', dated 1999, comprising Poison Ivy, Batgirl, The Riddler, Mr Freeze, Joker, Penguin, Alfred, Catwoman, Batman, Robin, Superman and The Batmobile, each boxed.

Estimate: £300 - £500

Condition Report

Superman has a small flat chip to the underside edge of the foot at the front of the figure - it is just noticeable as a tiny flea bite when the figure is on a flat surface and viewed straight on.

Otherwise each item in the lot is in good condition overall with no cracks, chips or restoration.

There are boxes which hold two figures each, but not a fitted case.

No certificate.
