LOT 1476

A Herend Eton and Flowers and Butterflies pattern matched part service, comprising a large circular tureen and cover with foliate terminal branch handles, oval platter, length 36.5cm, oval dish, length 26.3cm, circular dish, diameter 25.5cm, circular cake plate, diameter 30cm, two-handled sauceboat, nine soup plates, diameter 24.5cm, eleven dinner plates, diameter 25.5cm, and eight tea plates, diameter 19cm (minor faults).

Estimate: £250 - £350

Condition Report

The relief flowers on the tureen cover and base have some small chips and nicks - primarily only visible on closer inspection.

One of the soup plates has a small chip to the rim.

Of the 3 large Herend services we have in this auction, I would say this looks the most well used. It just has slightly more wear to the gilding and more prevalent knife cuts. It is still primarily in good order though.
