Estimate: £80 - £120

### Condition Report

41. Generally in good presentable condition. Previous cleans have left the paint a little thin in areas. Some craquelure but paint appears to be stable. The old varnish has discoloured and yellowed. UV examination does not highlight anything of concern, other than the varnish.

The frame has damage with loss to the extremities of the corner crestings, superglue repairs to the scrolls at the bottom and other more sympathetic repairs, and a few small chips to the composition.
