Estimate: £60 - £100

Condition Report

1086. The watch is in generally good condition. Typical light surface scratches and wear to case and glass, few more pronounced scratches to case back. Dial with a few minor marks, otherwise appears to be in good order. It winds smoothly and is currently running, but please be aware we give no guarantees to working order or reliability of any clock or watch. Please note, although it does adjust smoothly when the crown is turned slowly, it slips when turning the crown quickly. Date adjusts from crown as it should.
