LOT 531

A Victorian gold and agate intaglio ring, the shield shaped intaglio carved with a portrait below motto 'Duris Non Frangor' (I am not disheartened by difficulties), mounted to a hinged locket compartment, with engraved decoration to the shoulders, unmarked, weight 4.1g, ring size approx L1/2.

Estimate: £120 - £160

Condition Report

Hinge opens and closes nicely. A lot of scratching to the interior lid of the hinged compartment. Some general wear and loss of definition to the engraved decoration on the shoulders and shank. Agate with minimal scratching, one or two nibbles to the exterior edges. Crisp for the most part, minor chip near the F.

Shank possibly resized in the past.

The ring is unmarked and untested, the colour might suggest better than 9ct gold.
