

Jewellery / Wednesday, 7th August 2024 / Lot 623

### LOT 623

A gold, opal and diamond cluster ring, mounted with the cushion shaped opal within a rose cut diamond set two tier surround, detailed '18ct', weight 4.2g, ring size approx M.

Estimate: £140 - £180

---

### Condition Report

Minimal wear to the opal.

All diamonds present and look currently secure within their settings.

Minimal wear to the shank.

One or two splits to the sides of the mount.

It is unknown as to the age of this ring, possibly attempting to look older than it is, due to the lack of wear.
