LOT 609

A Victorian gold and turquoise ring, the centre with a pendant heart shaped drop, the shoulders with turquoise set flowerhead shaped clusters, unmarked, weight 2g, ring size approx H1/2.

Estimate: £100 - £150

Condition Report

The ring is untested and unmarked.

The central stone of the pendant is likely an imitation turquoise. This pendant is slightly discoloured, it may be a later addition.

Resized in the past, quite noticeable at the back of the shank.

Some loss to engraved decoration to the shank.

Some rubbing, scratching and scuffing to the interwoven front section.
