

Collectors' Items, Works of Art and Light Fittings / Thursday, 8th August 2024 / Lot 2629

LOT 2629

A set of five Bang & Olufsen Beolab 2 speakers with brushed steel and cast metal bodies, comprising three raised on stands, another similar and a subwoofer.

Estimate: £500 - £700

Condition Report

2629. The cases are a little scuffed in a few places, but generally they all appear in quite good condition. We cannot sell them as definitely working, as we have not tested them, but the vendor states they were working when they last had them set up.
