LOT 1879

A Loetz Rusticana pattern iridescent glass bowl in crete (green) colourway, circa 1900, of ribbed circular form with overturned rim, unmarked, diameter 21cm, together with a similar crete Rusticana three-handled vase, height 15cm (probably reduced), two Loetz Neptun pattern crete colourway iridescent jugs, height 16cm, and three other pieces of green iridescent glass. Provenance: from the collection of John and Poppy Stallebrass.

Estimate: £100 - £150

Condition Report

The three handled vase is probably reduced, as is possibly the lobed vase.

The bulbous shaped vase with wavy rim has a manufacturers mould line amidst its decoration.

Otherwise each piece in the lot is in good condition overall with no cracks, chips or restoration. There is some typical light surface wear overall commensurate with age and handling.
