LOT 2010

A late George III satinwood cheveret work table, in the manner of Gillows of Lancaster, the lift-off top with three drawers, the frieze fitted with a single frieze drawer, height 112cm, width 53cm, depth 44cm (some minor restoration).

Condition Report

2010. The top section is all original and in really good order, however the base has had the legs replaced at some point. This has been done professionally but they are not in the same satinwood as the rest of the table. Otherwise all quite polished and well finished.
