

## LOT 1062

A Chinese polychrome painted, limed and carved wood figure of Guanyin, Ming dynasty, modelled standing on a rocky base, wearing headdress, beaded jewellery, celestial scarf and long robe, picked out in blue, red and ochre pigments, height 52cm.

Estimate: £200 - £400

## Condition Report

1062. The figure is in generally good condition with no significant damage or apparent repairs. Typical vertical shrinkage crack to body, running from just below her right arm downwards into the rocky base. Typical scuffs and wear, some minor nicks/chips but nothing of any real significance. Some remaining decoration/paint/pigmentation to figure. All issues are perfectly visible in the 29 images on our website - these can be enlarged as required.
