LOT 2118

An early 19th century mahogany wing back armchair, raised on ring turned legs and brass castors, height 115cm, width 70cm, depth 80cm.

Estimate: £120 - £180

Condition Report

2118. The chair is structurally sound, however the bottom tip of the front leg is snapped off inside the castor so would need a replacement top and fixing to the castor. Otherwise there is some wear to the legs and they have a vanished surface. The upholstery underneath appears to be in reasonable order.
