## Condition Report

2004. Leather is a bit worn and stained, as well as lifting in places. The crossbanded edge and rim both have some small repairs and some wear and losses to the veneer. Small areas of loss to the veneer on the frieze and around the drawers, which have had replaced handles. Drawer linings look original. The stem is fixed and the top does not rotate. Legs have minimal surface wear and there is some slight fading to one side.
