LOT 2162

A set of ten Regency mahogany bar back dining chairs with spiral reeded centre rails and reeded tapering legs, comprising two carvers, height 84cm, width 53cm, and eight standards, height 81cm, width 48cm.

Estimate: £300 - £500

Condition Report

2162. The general condition of the frames is reasonably good with one chair having a slight wobble to one leg and one other chair with slight movement to the joints. No apparent major repairs, apart from the one which has had new seat rail supports. There are some scattered woodworm holes to rear seat rails and overall will clearly need re-polishing. Throughout the set there are five of the turned roundels missing on the tops of the back uprights and there are overall surface marks, knocks and scuffs to the frames.
