### LOT 775

A gold and varicoloured gem set circular brooch, claw set with various coloured gemstones, including sapphire, emerald and imitation pearl, unmarked, weight 3.2g, diameter 1.9cm, with a case.

Estimate: £100 - £150

### Condition Report

The gold has been tested and is of higher grade, likely 18ct.

Both colourless gemstones are pastes.

One pearl is an imitation replacement.

One opal has some heavy wear to the surface.

One red gemstone may be a paste, the other possibly a garnet. The settings make the stones difficult to test.

Some general wear to the claws, one or two stones may soon be at risk of popping out.

Pin and hinge in working order, if slightly loose.
