

Jewellery / Wed, 30th October 2024 / Lot 789

LOT 789

A gold backed, silver set and sapphire brooch in a foliate openwork design, mounted with variously cut sapphires, unmarked, weight 14g, width 3.3cm.

Estimate: £80 - £120

Condition Report

The brooch appears to be lacking a section at the top, possibly the piece started life as part of something larger. The brooch fitting is certainly later attached.

Some variety in the quality of the sapphires, some have obvious zoning, some are chipped or roughly cut. Some typical wear to the setting.

Centre sapphire approx 6mm x 5mm.

Length of brooch 3.4cm.
