

Jewellery / Wed, 30th October 2024 / Lot 551

LOT 551

A gold, platinum and diamond cluster ring, mounted with the principal circular cut diamond at the centre, detailed '18ct Plat', weight 3.2g, ring size approx S1/2.

Estimate: £160 - £190

Condition Report

The majority of the diamonds within the surround are diamond chips, with one or two single cut stones amongst them.

Some wear and rubbing to the setting of the diamonds.

The ring has been resized in the past.

Some minor thinning to the shank, slight wear to the sides of the mount, with typical light scuffing/scratching.
