LOT 2418

A contemporary glass and polished steel rectangular coffee table, supported by four large Jurassic period fossil ammonite specimens, each raised on a steel base, each ammonite 35cm x 33cm, the table width 132cm. Provenance: Sotheby's Garden Statuary and Architectural Items, Sussex, 21 and 22 May 2002, Lot 621.

Estimate: £700 - £1,000

Condition Report

2418. General condition is good overall, with some minor surface rust to a few areas of the bases and what looks like some varnish splashing. Otherwise fair condition throughout.
