

Asian and Islamic Ceramics and Works of Art / Thu, 21st November 2024 / Lot 1076

### LOT 1076

A Chinese agate snuff bottle, probably late Qing dynasty, of flattened shouldered rectangular form, the pale grey stone with russet streaks, height 5.5cm, with stopper, together with another agate snuff bottle of flattened circular form, carved in low relief with mask handles, height 6cm, with stopper, a Chinese Canton export tortoiseshell diminutive snuff bottle and stopper, probably late Qing dynasty, carved in relief with flower-charged cornucopia and musical instruments, length 4cm, a horn snuff bottle and stopper, height 4cm, and a wooden bezique counter.

Estimate: £70 - £100

---

### Condition Report

1026. Both agate snuff bottles in good condition with no significant damage or repairs. Typical light surface scratches.

Larger bottle's stopper has not fittings (i.e. spoon or securing cork).

Tortoiseshell snuff bottle - in generally good condition, few minor nicks to highpoints, stopper fits tightly.

Horn snuff bottle - in good order with only very minor nicks to edges, stopper screws in tightly.

Bezique counter - good condition, typical light surface scratches and wear.
