LOT 636

A three row necklace of slightly graduated cultured pearls, on a gold, diamond, cultured pearl and grey tinted cultured pearl detachable clasp of openwork design, mounted with baguette and circular cut diamonds, detailed '750', width of clasp 3.3cm, length of shortest strand 38cm, with an associated Mikimoto case.

Estimate: £500 - £700

Condition Report

The pearls are in generally good condition overall, with minimal signs of peeling. Some slight natural imperfections to the surfaces. A general creamy lustre, with hints of silver/pink. Diameter of pearls approx. 5.9mm-6mm.

The piece is only marked '750', on the clasp, there are unfortunately no indications that the pearls or the clasp are by Mikimoto.

The clasp is in generally good condition. The principal pearls are baroque in shape. Diamonds are all present. Would benefit from a clean.

Weight of clasp only 12.4g.
