LOT 741

A white metal and diamond ring, claw set with the principal marquise shaped diamond between circular cut diamond set shoulders, unmarked, weight 3.8g, principal diamond weight approx 2.00ct, fitted with sizing beads, ring size approx J, with a case.

Estimate: £1,200 - £1,800

Condition Report

Some slight rubbing and wear to the shank/setting. The metal is not rubbing down to a yellow colour, so it is suggested the metal is platinum, but the ring has not been tested.

Diamond grading - principal marquise diamond, colour L/M, clarity SI (diamond gradings are estimations, limited by the setting and for guidance only)

All diamonds to the shoulders are present and look to be secure within their settings.
