

Single-Owner Collections / Tue, 26th November 2024 / Lot 4531

LOT 4531

Two similar large late 19th/early 20th century combination multi-tool hunting/shooting knives, each with nickel plated body and an arrangement of tools, including blades, corkscrew and awl, one with hook shaped boot or hoof cleaner, main blade length 8cm, the other with engraved measurement scale to body and 12-bore cartridge extractor, main blade length 7.7cm (lacking tip), both with suspension rings. Provenance: the property of a Hampshire private collector.

Estimate: £80 - £120

Condition Report

4531. Knife with 12 bore extractor - tip of corkscrew worn, lacking and broken. Large blade tip damaged. Hook tool tip lacking/worn. Springs tired and slack on some tools. Overall a fairly worn knife. Knife with boot hook - overall used, but better than the other one. Larger knife blade has been cleaned and sharpened, old pitting. Small multi-tools with wear. Spring tired and slack on some tools.
