A Regency rosewood circular tip-top breakfast table, the turned stem above a triform base with scroll feet, height 69.5cm, diameter 119cm.

Estimate: £150 - £250

Condition Report

2136 - Some slight uneven surface patina to top but would probably be ok with a wax. There is one small piece of beading damaged to frieze. A few small repairs to the veneer on the base but is otherwise in generally good condition.
