LOT 2003

A Regency giltwood and composition convex wall mirror, the eagle surmount above a deep section ballshot mounted frame, height 104cm, width 68cm.

Estimate: £200 - £400

Condition Report

2003. In an overall fairly un-touched condition but having overall minor losses to the edges of the ornamentation. Some areas of gilt surface loss, a crack to the up-turned composition leaf at the top, some loss to the laurel leaf edges and terminal of left-side trailing laurel leaves. Losses to the beaded edge at the back and opening of timbers around the lower section of the frame, with the rear section around the lower half coming away from the main section of the mirror.
