LOT 2126

A mid-19th century fruitwood and elm tub back Windsor armchair, height 70cm, width 56cm.

Estimate: £40 - £60

Condition Report

2126. The chair legs have been cut down slightly and the chair has a slight wobble due to uneven length legs. A few of the uprights are slightly loose, but just need some glue. Otherwise relatively sturdy and with cuts out of the rear side of the back where it may once have been upholstered.
