LOT 2160

A good mid-Victorian mahogany dwarf library bookcase, fitted with a central bank of seven drawers, flanked by a pair of glazed cabinets with carved foliate mouldings, height 112cm, width 214cm, depth 44cm.

Estimate: £700 - £1,000

Condition Report

2160. General overall condition and appearance is good, however there is a thin crack running from the left side edge of top to the right-hand cabinet, which runs to about half-way and could do with some restoration just to sure it up. There is also a small break to the top of the right-hand carved moulding, but we do have the piece. Otherwise minor scuffs and marks.
