LOT 1070

A rare Omega Seamaster automatic 'Baby Ploprof' stainless steel cased diver's wristwatch, Ref. 166.0250, circa 1977, the signed and jewelled 1010 caliber movement numbered '41508088', the signed black dial with luminous baton hour markers and date aperture, the tonneau shaped case with 60-minute rotating bezel, the signed case back interior numbered '166.0250', case width 4cm, on an Omega stainless steel tapered link bracelet with signed foldover clasp. Note: in 1967 Omega released their first Seamaster 120, the 135.027, with a 37mm case. Around a dozen variations were made between 1967 and 1984 including this example, commonly referred to as the Baby Ploprof.

Estimate: £400 - £600

Condition Report

1070. Generally good condition commensurate with age. Typical surface scratches and wear but no significant damage. Dial is clean. Bracelet all ok, clasp in working order but some misshaping to folding sections so a little tight when closing clasp.

The movement winds and adjusts smoothly, date adjusts as it should and it is currently running, but please be aware we give no guarantees to working order or reliability of any clock or watch.
