### Condition Report

Mat-Su-No-Ke bowl - in good condition overall. 2 of the 3 feet have minor chipping, it is quite inconspicuous due to the nature of the naturalistic shape of the feet.

Shaded apricot jug - crack to stem of leaf and missing tiny tip of pointed handle terminal.

Pale blue satin glass vase - missing large section of one foot, missing a large section of one of the trailing stems and missing two spherical fruit from the tops of two of the stems, some chipping to pulled details of feet.

Peach tinted bowl raised on 4 clear feet with gilt ribbon detail - professionally polished chip to edge of one foot.

Flattened peach tinted vase - due to the nature of the decoration it is tricky to see any losses or damage, I can identify a couple of very small and inconspicuous losses, but overall the vase would appear to be in good order.
